## **Estimation of the Proposed McKinney Scholarship Programs**

George A. Erickcek  
W.E. Upjohn Institute for Employment Research

### **EXECUTIVE SUMMARY**

This report provides a 10-year forecast of the estimated costs associated with four separate scholarship programs being proposed by the McKinney Promise Steering Committee. The four scholarship programs being considered are the following:

1. Universal scholarship for no greater than \$5,000 available for all public and private students in the City of McKinney, regardless of school district, to attend any state-funded college or university in the state.
2. A scholarship for no greater than \$5,000 available for all public and private students in the City of McKinney, regardless of school district, who maintain a 2.5 GPA or higher, to attend any state-funded college or university.
3. Universal scholarship available for all public and private students in the City of McKinney, regardless of school district, to attend Collin College.
4. A scholarship available for all public and private students who maintain a 2.5 GPA or higher, regardless of school district, to attend Collin College.

For each of these scholarship programs, a “middle-dollar” cost estimate is also provided. A “middle-dollar” scholarship program requires eligible students to complete the Free Application for Federal Student Aid (FAFSA) and apply for federal aid, primarily a Pell Grant.

The estimated annual cost of these scholarship programs for their first 10 years is presented below. For the universal \$5,000 scholarship, the estimated cost of the program would be \$6.3 million in 10 years. Limiting the scholarship to only students who earned a 2.5 Grade Point Average (GPA) in high school, would reduce the cost of the scholarship in 2022 to less than \$5 million.

Restricting the scholarship to only students attending Collin Colleges would lower its cost to only \$2.4 million in 2022. Finally, if the scholarship is further limited to students earning a 2.5 GPA in high school and who want to attend Collin College, its cost would only be an estimated \$1.4 million in 2022.

**Table 1 Summary of “First-Dollar” Cost Estimate of Proposed Scholarship Alternatives**

Year	Universal scholarship to state-funded colleges and universities	Scholarship to state-funded schools available to students with a GPA of 2.5 or greater	Scholarship to Collin College	Scholarship to Collin College available to students with a GPA of 2.5 or better
2012	\$ 1,696,297	\$ 1,364,179	\$ 574,678	\$ 312,980
2013	\$ 2,851,541	\$ 2,341,548	\$ 881,112	\$ 482,515
2014	\$ 3,429,584	\$ 2,695,284	\$ 978,071	\$ 540,921
2015	\$ 3,806,600	\$ 2,993,770	\$ 1,141,852	\$ 632,387
2016	\$ 4,219,994	\$ 3,323,547	\$ 1,312,481	\$ 731,824
2017	\$ 4,651,982	\$ 3,658,316	\$ 1,495,596	\$ 838,984
2018	\$ 4,994,323	\$ 3,924,869	\$ 1,651,789	\$ 934,260
2019	\$ 5,325,624	\$ 4,178,850	\$ 1,821,602	\$ 1,036,722
2020	\$ 5,564,090	\$ 4,363,408	\$ 1,954,991	\$ 1,124,175
2021	\$ 5,899,143	\$ 4,618,354	\$ 2,147,651	\$ 1,244,241
2022	\$ 6,315,499	\$ 4,944,030	\$ 2,379,539	\$ 1,388,165

## **INTRODUCTION**

In June 2011, the McKinney Promise Stakeholders identified the following critical community issues that they felt a college scholarship program could address:

- Develop an educated, employable workforce through increasing the district’s graduation rate and encouraging post-secondary education opportunities
- Promote economic development through the retention of existing businesses and attraction of new businesses in Collin County
- Enhance the community social stability and unity

The McKinney Promise Steering Committee requested the W.E. Upjohn Institute to provide cost estimates of four alternative program structures of the proposed scholarship. While the four proposals vary in terms of eligibility (requiring a 2.5 GPA or not) and in usage, available for all state-funded colleges and universities or only available for Collin College, we share the following characteristics:

- The scholarship would be available to all qualified students attending public or private schools residing in the City of McKinney, regardless of school district.
- It would be for a total of \$5,000 with no more than \$2,500 being allocated during one academic year.
- There would be a residency requirement where 100 percent of the scholarship would be available for students who resided in the impacted region since first grade. Seventy-five percent of available McKinney Promise dollars would be available to students living in the impacted region and attending school for seven years. Finally, 50 percent of McKinney Promise dollars would be available for students living in the impacted region and attending school for four years. Students living outside McKinney but going to McKinney Public School District would be eligible as well.

## Cost Estimates

In preparing the cost estimates for all four of the possible scholarship options, we adopted the following assumptions:

### *Scholarship usage*

Scholarship utilization will depend upon trends in college attendance, college completion, and tuition. In 2010, the McKinney High School graduation rate was 91 percent; this rate is assumed to improve to 94 percent by 2022. Of the McKinney High School graduates, 39 percent intended to attend community college in 2010, and we assume this percentage increases to 43 percent by 2021. In addition, one-third of the community college attendees will go on to a four-year university, based on national trends. Forty-nine percent of McKinney graduates intended to attend a four-year college or university in 2010, and this rate is expected to increase to 53 percent by 2021. However, it is further assumed that 10 percent of the students attending a four-year university will select a non-state funded institution.

**Table 2 Graduation Rates and College Attendance (%)**

	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021
High school graduation rate	91	91	91	92	92	92	93	93	93	93	94	94
Going to college												
Community college	39	39	40	40	40	41	41	41	42	42	43	43
Four-year university/college	49	49	50	50	51	51	51	52	52	53	53	53
Percent of community college students going to four-year college			33	33	33	33	33	33	33	33	33	33

Unfortunately, many students do not complete college. Reasons include being academically unprepared, financial difficulties, and personal/familial issues. The proposed scholarship would clearly address the financial barrier. As shown in the table 3 below, we assume an improving completion rate during the 10-year forecast.

For students attending a four-year university, they will use the maximum amount of the scholarship, \$2,500, during each of the first two years. In the middle-dollar scenario, students eligible for Federal Pell Grants, it is assumed that they will draw \$1,250 in scholarship funds each year.<sup>1</sup>

<sup>1</sup> The cost of attending community college is assumed to increase at 4.5 percent per year, meaning that in the later years more of the scholarship funding will be spent in the first two years of community college. Tuition inflation at the state's four-year universities is not an issue as annual tuition is greater than \$2,500 per year—the maximum annual amount of the scholarship

**Table 3 Completion Rate Assumptions (%)**

Associate Degree	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021
Complete two-year program	40	41	41	42	42	43	43	44	44	45	45	46
Bachelor's												
Complete second	70	71	71	72	72	73	73	74	74	75	75	76
Complete third	55	56	56	57	57	58	58	59	59	60	60	61
Complete fourth	45	46	46	47	47	48	48	49	49	50	50	51

The final assumptions required to complete the analysis are: 1) the percent of high school graduates by their residency duration, and 2) the percent of the high school graduates who are eligible for federal aid. Based on national trends we assume that 10 percent of McKinney families move in or out of the district per year. The percentage of students eligible for federal aid— Pell Grants which are up to \$5,500 per year— is estimated by the percentage of the students eligible for free and reduced-price lunch.

Students are allowed five years to use the program's scholarship fund. For this analysis the assumed pattern of scholarship usage is front loaded as shown in the following table. For students who only complete a two-year Associate's Degree, it is assumed that yearly tuition is only \$1,230 in 2011 and increases by 4.5 percent per year thereafter. For students entering a community college in 2011 and transferring to a four-year school after completing the two-year program, they will have and will use \$2,485 in scholarship funds for their first year at a four-year state-funded university.

**Table 4 Scholarship Usage**

	2011	2012	2013	2014
Community college	\$1,230	\$1,285		
Scholarship for transfer students			\$2,485	
Scholarship for transfer students who are eligible for Pell Grants			\$1,500	\$1,500
Four-year university	\$2,500	\$2,500		
Four-year scholarship with Pell Grant	\$1,250	\$1,250	\$1,250	\$1,250

There are currently seven other school districts serving McKinney city residents. In Appendix A, we present our estimated enrollment forecast for each of these districts in addition to the estimated percentage of the district's students who live in the City of McKinney. In addition, we include the enrollment of the following private schools.

#### **Private Schools in McKinney Included in the Analysis**

Centennial Montessori Academy	Little Saints School
Concordia Christian Academy	North Texas Christian Academy
Cornerstone Christian Academy	Primrose School of Eldorado
Faith Christian Academy	Primrose School of Stone Brooke
Good Shepherd Montessori School	Robert Multer School
Holy Family School	

## Estimation Results

**Option A.** Universal scholarship available for all public and private students in the City of McKinney, regardless of school district, to attend any state-funded college or university in the state.

As shown below under option A, which is the most generous program in terms of inclusiveness, the first year of the program would cost \$1.6 million and nearly \$6.3 million in 2022, if it is a first-dollar program. If it is a middle-dollar program that requires eligible students to complete the FAFSA, the scholarship would cost just \$1.4 million the first year and less than \$5.4 million in 2022.

**Table 5 Option A Scholarship Program Available for All State-Funded Universities and Colleges for All Students Residing in City of McKinney**

Year	First Dollar	Middle Dollar	Difference
2012	\$ 1,696,297	\$ 1,388,581	\$ 307,717
2013	\$ 2,851,541	\$ 2,351,029	\$ 500,512
2014	\$ 3,429,584	\$ 2,919,808	\$ 509,776
2015	\$ 3,806,600	\$ 3,348,711	\$ 457,889
2016	\$ 4,219,994	\$ 3,693,205	\$ 526,789
2017	\$ 4,651,982	\$ 4,046,125	\$ 605,857
2018	\$ 4,994,323	\$ 4,339,867	\$ 654,456
2019	\$ 5,325,624	\$ 4,621,996	\$ 703,628
2020	\$ 5,564,090	\$ 4,818,699	\$ 745,392
2021	\$ 5,899,143	\$ 5,093,988	\$ 749,645
2022	\$ 6,315,499	\$ 5,423,026	\$ 892,473

**Option B.** A scholarship available for all public and private students in the City of McKinney, regardless of school district, who maintain a 2.5 GPA or higher, to attend any state-funded college or university.

The requirement of maintaining a 2.5 GPA or higher would limit some students who are planning to attend college from receiving the scholarship. In preparing this estimate, we assumed that 50 percent of the students planning to attend Collin College would be impacted, but only 10 percent of the students attending a state-funded, four-year university would be negatively affected. The estimated cost of the “First-Dollar” scholarship, with this restriction, would be just under \$5 million in 2022. The “Middle-Dollar” scenario would cost \$600,000 less.

**Table 6 Option B Scholarship Program Available for All State-Funded Universities and Colleges for All Students Residing in City of McKinney with a GPA of 2.5 or better**

Year	First Dollar	Middle Dollar	Difference
2012	\$ 1,364,179	\$ 1,140,663	\$ 223,516
2013	\$ 2,341,548	\$ 1,968,850	\$ 372,698
2014	\$ 2,695,284	\$ 2,341,298	\$ 353,986
2015	\$ 2,993,770	\$ 2,679,834	\$ 313,936
2016	\$ 3,323,547	\$ 2,960,126	\$ 363,422
2017	\$ 3,658,316	\$ 3,243,325	\$ 414,991
2018	\$ 3,924,869	\$ 3,477,150	\$ 447,719
2019	\$ 4,178,850	\$ 3,698,677	\$ 480,172
2020	\$ 4,363,408	\$ 3,854,750	\$ 508,657
2021	\$ 4,618,354	\$ 4,069,585	\$ 507,189
2022	\$ 4,944,030	\$ 4,333,476	\$ 610,554

**Option C.** Universal scholarship available for all public and private students in the City of McKinney, regardless of school district, to attend Collin College.

Under this scenario, the scholarship would be limited to only Collin College, the county’s two-year community college. Moreover, the student would not be able to apply any of the remaining amount of the \$5,000 scholarship toward the tuition at a state-funded university if he/she continued working for his/her Bachelor’s Degree. Restricting the scholarship to only Collin College reduces its costs significantly. The “First-Dollar” scholarship would cost under \$2.5 million in 2022 and if the “Middle-Cost” approach is taken, the cost is reduced to \$1.7 million in 2022.

**Table 7 Option C Scholarship to Collin College Only, Available for All Students Residing in City of McKinney Attending Public or Private Schools**

Year	First Dollar	Middle Dollar	Difference
2012	\$ 574,678	\$ 430,760	\$ 143,918
2013	\$ 881,112	\$ 661,355	\$ 219,757
2014	\$ 978,071	\$ 731,669	\$ 246,402
2015	\$ 1,141,852	\$ 852,546	\$ 289,306
2016	\$ 1,312,481	\$ 976,876	\$ 335,605
2017	\$ 1,495,596	\$ 1,109,868	\$ 385,729
2018	\$ 1,651,789	\$ 1,221,241	\$ 430,548
2019	\$ 1,821,602	\$ 1,342,882	\$ 478,720
2020	\$ 1,954,991	\$ 1,435,136	\$ 519,855
2021	\$ 2,147,651	\$ 1,573,291	\$ 563,281
2022	\$ 2,379,539	\$ 1,737,104	\$ 642,435

**Option D.** A scholarship available for all public and private students who maintain a 2.5 GPA or higher, regardless of school district, to attend Collin College.

Again, the requirement of maintaining a 2.5 GPA or higher would limit some students from receiving the scholarship who are planning to attend college. This is especially true for students deciding to attend Collin College. As in Option B, we are assuming that 50 percent of the

students attending Collin College would not qualify for the scholarship. The cost of this scholarship option is substantially lower than the others under consideration.

**Table 8 Option D Scholarship to Collin College Only, Available for All Students Residing in City of McKinney Attending Public or Private Schools with a 2.5 GPA or Better**

Year	First Dollar	Middle Dollar	Difference
2012	\$ 312,980	\$ 232,812	\$ 80,169
2013	\$ 482,515	\$ 359,856	\$ 122,659
2014	\$ 540,921	\$ 402,146	\$ 138,775
2015	\$ 632,387	\$ 469,667	\$ 162,720
2016	\$ 731,824	\$ 542,094	\$ 189,730
2017	\$ 838,984	\$ 619,795	\$ 219,189
2018	\$ 934,260	\$ 687,820	\$ 246,440
2019	\$ 1,036,722	\$ 761,189	\$ 275,533
2020	\$ 1,124,175	\$ 822,061	\$ 302,113
2021	\$ 1,244,241	\$ 908,152	\$ 325,011
2022	\$ 1,388,165	\$ 1,009,841	\$ 378,324

## CONCLUSIONS

The McKinney Promise is being proposed to foster a better educated and employable workforce, promote economic development, and enhance the community’s social stability and unity. Clearly, the scholarship will have a positive impact on the number of students attending college, and if the scholarship program is coordinated with other educational activities it will enhance the community’s social stability as well. McKinney can become recognized as an education-focused community. Nevertheless, based upon our prior research, the proposed scholarship is insufficient to impact population growth in the City of McKinney or to generate population-based business activity in the City of McKinney. Moreover, while it is true that the quality of the region’s workforce is a major factor impacting a company’s location decision, businesses looking to locate in the greater Dallas-Fort Worth area have a much larger employment pool to pick from than just the McKinney area. Therefore, their location decision will likely be affected by the availability of interstate highway access, location of suppliers and tax policies.

## Appendix A Enrollment Forecast

In preparing the following public, charter, and private school enrollments, we used the survival-cohort model based on three- to five-year trends. For the rapidly growing Frisco and Prosper ISDs we assumed that most of the growth would occur outside of the city limits of McKinney.
